To: GSP Ltd., 2 Godstone Road, Whyteleafe, Surrey.

I think the best way to start would be to tell you something about myself. I am twenty five years old. When I was eighteen I left the UK and went to Sweden, and made a fortune in sex films. Just before I left Sweden I was voted Miss Europe.

Now, having made lots of money, I am in the lucky position of only having to work when I feel like it, so this leaves me with plenty of free time.

I have always thought that it is much better to give than receive, and as such I do a lot of charity work.

Of course, in my blue film days I met a lot of so called super studs, and found they bored me to tears. I have a hatred of men who come on strong and expect a girl to drop her knickers right away.

I have always, but always, liked the 'man in the street type of man. Your average, working, kind, nice man.

Now a lot of average working people have problems, and I thought that I would make it my aim in life to help people with their problems. Not by giving money, but by making their sexual dreams come true.

I have this theory that if a man is down, if he is sad and lonely and depresses, then a good fuck session with a girl like me would really put him on his feet again.

I think that a good sex session makes a man more self confident, and that if that sex session also means that specific sexual fantasies come true, then the man gains a lot of self assurance and means that he can go out and face the world again.

So I don't want super studs, I want average men who need my help, who deserve my help. I am at my happiest when I am making a nice man in the street's dreams come true.

Well on with the story. I have always been a football fan, and even when I was in Sweden I followed the fortunes of various clubs through the papers, and when the editor of Playbirds suggested that I go round some football clubs, meet some real genuine fans, and help them out if I could, then I jumped at the chance, and started with Watford.

Now before I went to Sweden, I had been to Watford several times, they have come a long way since then. I was so pleased for them. They have proved that a team which plays good, attacking football, can get on top and stay there.

So, I arrived in Watford, parked my car, and then found a cafe to get something to eat. In the cafe were several fans who were going to the match, and I listened to them and thought they sounded really genuine fans.

I finished my meal and went to the ground, and there were lots of people going in. In the old days, years ago, I remember that you only got a few people going in. It just shows what a couple of good seasons can do for a club.

Well, I dont sit down when I watch football, I like to be out there, standing in the open, with real genuine fans pressed round me.

In fact watching a good football match, having the shouting and cheering fans so close to me, almost becomes a sexual experience, and many times I have come away from a football match with my knickers soaking wet.

Of course, as I wanted to meet as many fans as possible, before the game started, I talked with the people standing next to me, and they were all shapes and sizes and all ages, and they were very friendly indeed, although a couple of them did express suprise that a good looking lady like me was a football fan.

I noticed one fan, who was near me, was looking sad, he was about twenty or so, quite a good looking young man, but awfully sad, and something told me something was wrong, and I asked the guy on my right about him.

"Oh his names Jack," came the reply. "He's been sad ever since his girl walked out on him."

"Why did she walk out?"

"Well, word has it that he was lousy in bed, and the girl said as much, and this really affected him. He really believes it, thinks he's useless."

I felt very sorry for theat young Jack. After all, a girl has no right to say that to a man, it really dents his self assurance, and anyway, I always say that a man in bed is only as good as the woman he is with.

My heart went out to this young man, and so as the teams came out onto the pitch, I moved closer to him and started to talk with him, but he was really shy and blushed a lot. What that girl had said to him had obviously deeply affected him, and dented his pride and I wondered if there was anything I might do to help him get back his self confidence.

It was a first class game, and during the interval I got talking to Jack again, and mentioned the subject of his girl, and he blushed, and I pushed the point, for I had to find out if he would benefit from what I had in mind.

"Why did she say you were lousy?"

"I... I... Well, she said that I didn't give her any orgasms," he said at last.

"What did you do to her?" I asked.

"Well, she was the first girl I had ever been with," He said, "So I was inexperienced."

"What job do you do?" I asked. I had to make sure that he wasn't some spoilt rich kid.

"I work in the local garage, in the spare's dept. Its a lousy job, but work is hard to get these days."

Now I knew he was an ideal subject. He was a nice lad, and didn't know anything about sex, wanted to learn, worked hard, was shy, and needed a break, and he was sad and down. Yes, I thought, after the match I am going to make all your sexual dreams come true, Jack.

When the match ended, I left the ground with Jack and offered him a lift, and he accepted. When we got in the car, I sat there, looked at him, smiled and then told him who I was, what my aim in life was, and then said, very softly, "Name your sexual fantasy."

"I don't understand," he said.

"You tell me what your sexual dream is," I said, "and I will make it come true." I then explained again who I was and after a while he believed me, and then said that this must be his lucky day.

"So name your sexual dream," I said. "I'll drive you into London, back to my place, and we'll make it all happen for you."

"Well, I suppose that most of all I want to know how to give a woman the kind of orgasms she wants."

"I never fake orgasms," I told him. "I never have to, for the men I go with soon get into the swing of things. You will give me lots of good orgasms, I am sure, once I have shown you what to do, but tell me, name me the one thing you have always wanted to do with a woman."

He gave an answer that most men give. "I would like to come all over your face," he said, and he blushed as he said those words.

"There is no need to be shy," I told him. "I have been asked some really kinky things in my time, and having you come all over my face would please me a great deal. Okay, let's go."

He didn't say much as we drove into London, and I was sure that he was sort of pinching himself to make sure that he wasn't dreaming.

When we got into my flat, when I took him into the bedroom, he was sure it was all true, for the first thing I did was undress him, and then I told him what a nice cock he had.

I then undressed and that cock of his throbbed like crazy when he saw my naked body. "I am now going to give you a sex session that you will remember for the rest of your life," I told him. "I will teach you many things, and the next girl you go with will love you for it."

He nodded, and he ws blushing slightly as he looked at my naked body, and I told him to sit on the bed, that the first lesson started here.

I stood in front of him and then started to run my fingers all over my naked body, and as my hands moved over my breasts, so my nipples became really stiff and hard.

He gasped with delight when I moved both my hands down to my cunt, and then I started to rub at my pussy lips with my

fingers, and it wasnt long before those cunt lips of mine were pouting out with lust, wasn't long before the juices were trickling down from my cunt lips.

"Have you ever looked all the way into a woman's cunt?" I asked him.

He shook his head.

"Well, if you are going to be good in bed then you should know every part of a woman's body," I told him.

I moved close and then used the tips of my fingers and pulled my cunt lips wide apart so that he was able to look all the way inside my hole, and he was so taken with the view inside my cunt, that he forgot to blush, and that was a good sign.

I then moved onto the bed with him, and showed him something I knew he would like. I proved to him that a really sexy woman never lacks for orgasms when she is in bed with a man.

I reached down, and while he watched, I pushed three fingers all the way into my cunt and then wanked, and wanked really fast so that my juices spurted out all over the place.

Then, when I'd had a really good orgasm, I pulled my fingers out and then licked them dry in my mouth.

"Okay, foreplay," I said. "if you want to get a woman going, then you must know the ropes, so suck my tits and then suck my pussy... I'll tell you how to suck my cunt well."

He sucked my boobs really well, so well, that he gave me an orgasm, and then I told him, in great detail, just how to go to work on my cunt.

I was feeling happy, very happy, for this man was now very relaxed, was enjoying himself, had pushed all his problems to the back of his mind, and I was happy because I was making him happy, and that has always been my aim in life.

He listened very carefully to what I said, and then he went down on my, and as soon as the tip of his tongue touched my pussy lips, I knew that he had taken in every single thing that I had said to hem, for it may have been his first time for sucking cunt, but he did it very well indeed.

His tongue slurped all over the fleshy folds of my cunt lips, and he swallowed down my cream, and then he used his fingers and parted my cunt folds, and then his tongue was inside me, and as he waggled it about all over the inside of my tube, my soaking wet love tube, I started to climax, and the orgasms were huge, and this made him feel good..

He sucked down there for ages and ages, and then lifted his sticky face from my pussy and he was smiling, and I was so glad, for he looked so happy, it was obvious that his self confidence was high, that he was now very sure that the next woman he sucked would have lots of climaxes.

"Now your dreams," I said. "I will suck you off, and then, just before you come, I will pull your cock from my mouth and then spray your spunk all over my face."

He stretched out on the bed, and his cock was really throbbing, and the glans was swollen and hard, and as I brushed the tip of my tongue over that glans of his, so he quivered all over with delight, for this was the first time, so he tols me, that a woman had ever licked at his cock.

His cock tasted very good indeed, all hot and satly, just the way I like it. You will have noticed that I have not mentioned the size of his cock, well, like I said, size is not important, all that mattered was that he was nice and hard, and even a man with a very small cock can get really hard.

I took the glans right to the back of my mouth and was sucking just as hard as I could, and bobbing my head up and down at the same time, applying so much suction in fact that he must have thought that I was trying to turn his cock inside out.

I sucked and sucked , and then felt that glans really jerk at the back of my mouth, and I knew darn well that he was about to come, and so, I very quickly pulled his throbbing prick from my mouth, held it close to my right cheek, and then finished him off with some very quick movements

of my very experienced fingers.
He shouted loud and long as the spunk gushed out from the head of his cock, and there was one hell of a lot of it - I am pleased to say.

It showered all over my face, and I like spunk so very much that as soon as the first hot thick drop of the stuff hit my face, I had a climax, and I felt my pussy lips gape open yet again, and felt my hot juices bubbling out.

He heaved and bucked as I worked my fingers up and down his shaft, and more and more lovely flowing spunk came from his cock, and soon the entire right hand side of my face was coated with the stuff.

I then took his cock back into my mouth and sucked, and the last drops of hot sperm came out, and I rolled them about inside my mouth and then swallowed them down, and the taste was out of this world.

He was gazing at my face, his eyes wide with sheer sexual pleasure. I have seen that look on the faces of men many times.

Of course, I didn't let it finish there, I looked at him, smiled, and then did what I always do when a man has ejaculated over my face, I reached up with one hand and then used the tips of my fingers to wipe some of the sperm from my chin.

I held my fingers up, the spunk sparkled beautifully, and then I poked out my tongue and lapped at my fingers, drew the sperm into m y mouth and then swallowed it down.

Jack was amazed, and really turned on, and he begged me to do it again, saying that this was something that he would always remember.

I did the same thing again, this time wiping some of the sperm from my nose, and again licked the lovely spunk from my fingers.

He then reached over and he wiped some spunk from my cheeks, and it gave me the greatest possible pleasure to be able then to take his fingers into my mouth and suck them dry.

Then I talked to him, told him what women really like, explained all the different position for fucking, told him about kinky things such as water sports and bondage and suchlike, just in case he ever came across a woman who liked that sort of thing.

As a matter of fact I like that sort of thing, but I had no intention of doing it with Jack, for that would have been rushing things just a little too much, for first of all I had to get him used to the basics.

Then I told him about other things, talked to him about how to pace a fuck, how to suck a little better, what he should do with boobs, and all that, and he listened and took it all in.

"Okay, now we will fuck." I said. "But first of all we have to get that cock of yours nice and hard, really hard."

I used my fingers on his cock, and then I leaned over and rubbed my tits all over them, and then I turned round and rubbed the firm smooth cheeks of my bum all over his cock, and the end result was that he got very hard indeed.

There are many, many ways of fucking, but I thought it would be best if he were on top of me, for that is a very basic position, and I thought he would feel good to have my naked body writhing under him while he fucked me.

I was right for he dived on me and his cock went into my cunt right away.

It was good in there, the glans was so swollen it made my cunt walls bulge all the way out.

The balls were tight against my vaginal lips, the shaft was throbbing like hell. I clamped my legs round the small of his back, started to move up and down, and told him not to rush the fuck, but to make it last, to make sure that he gave any woman he was with as much pleasure, and as many orgasms as possible.

He did just as I asked, he was really perfect, and this showed just how much self assurance I had given that young man since he had been with m for when a man has his cock inside my very tight pussy, it is very hard indeed for that man to take it easy, a man's natural inclination when he

feels how tight and wet my hot cunt is, is to blast away like crazy.

Jack took it very nice and easy, just glided that stiff cock of his in and out of my cunt in a nice relaxed way, and the end result was that I came almost right away, and the orgasm was huge, and he smiled when he realised what he had given me, and that I think took away the last self doubt he had.

He went nice and slow, and then I told him it was time to speed up a little, and he did so, his cock going faster now in and out of my cunt, and that cock was hot and hard inside me, and I came time and time again, and my juices were spurting and boiling, and the blood started to pound through my naked body, and it was turning out to be a very good fuck indeed.

Then the glans expanded, and he gave one last final heave, and then the spunk was jetting into me, filling up my quim, and it gave me a huge and wonderful orgasm.

He banged away deep inside my pussy till every last drop of spunk had been ejaculated from his cock, and then he pulled it out, and then, without even asking - which was a good sign £ he moved up my naked body and then dangled his limp and sticky cock in front of my mouth, and it gave me great pleasure indeed to be able to suck the odd drops of spunk and pussy juice from that lovely cock of his.

Well, he stayed all night with me, and I taught him just about everything I knew, and when he went home the next day, he really was a different man, so self assured, so confident of himself, and I was pleased that I had been able to help, for by making him happy, I had made myself very happy.

THE INITIATION

by Joan Mathews

We have all heard about the 'initiation ceremony'. Be it a veiled Free Mason murmuring or a childish 'blooding', wehen two friends swear eternal allegiance. There is the initiation into church, a Christening, A Baptism, even a wedding, that is a fatal initiation ceremony! Other far more sinister, happenings go on every day. In thedepths of the night, individuals gather by the light of the moon, utter weird incantations, there is a flash of a knife, and the blood of a cockeral is spilled, and yet another witch joins the coven of screaming naked dancers.

A dormitory in a boys school, it is after lights out, and the lads sit huddled together. Smith minor is about to join the select band. Yes, his father will gladly contribute money to the sect, his father before him had done just that so that he could join the exclusive band of boys, who, between them, managed to run the school.

But what about the girl's school? They must have their own exclusive sect, in a way a coven of females who ruled the roost. What sort of initiation ceremony do they perform? This is a fictional story of such a school, where to join the 'Homers' one had to undergo strange and mysterious 'punishments'; but once one had joined the exclusive group, the doors were flung open to a wonderful and exciting existance... or so we are told....

Elspeth looked forward to the night of her initiation as the most important event in her life so far. In as far as the effect it had on her uture life, it may well have been, although whatever she expected to take place at the initiation, it in no way resembled what actually happened.

The first in a chain of astonishing surprises occured the moment she entered the dormitory and was met by two girls she knew only slightly. There was Cora, the captain of the netball team, and built accordingly. The other girl was Mavis, a more feminine sort of girl wih diminutive breasts and a shy personality. Strangely,she was very influential with the 'Homers'.

They were both wearing black nylon shortie nightdresses, with a white 'Homer' emblazoned over the left breast. With the exception of golden sandals, the nighties were all they had on.

Without a greeting, apart from a nod, they escorted Elspeth down the corridor that led to the showers. They told her to take her clothes off. She hesitated.

"It is part of the ritual" said Mavis, "you will see why later on."

Elspeth unbuttoned her dress and pulled it over her head. All she was wearing underneath was a new pantie and bra set, and a pair of dark stockings. She reached up to unhook her bra, the straps were tight.

She managed to snap the last hook. Her bras were getting very tight lately, they cut into her skin. The weight and size of her large, fully developed breasts filled even the extra space in the wrinkled tip of the cups, and the stitching irritated her nipples making them semi-erect all the time.

She let the pink bra slip down her arms onto the wooden bench in front of the locker. The two girls stared at her breasts, and Elspeth blushed, Mavis stared in amazement, but Cora looked at her the way boys did when they first saw her mammaries. It made Elspeth feel uncomfortable, but she couldn't blame them for gaping. Her breasts were certainly big enough, round and full.

"They are beautiful" breathed Mavis.

"Yes," agreed Cora, "I guessed she was well built with her dress on, but who would have guessed what she was hiding...!"

"You must be proud of your tits" said Mavis, not taking her eyes away from the embarrassed girl.

"My mother had large breasts" murmured Elspeth, "It must run in the family."

Mavis glanced at Cora's tits, which although they werent as large as Elspeth's couldn't be called small. She cupped her own 32"s and lifted them sadly.

"You and Cora are lucky. I'd give anything to have what you've got hanging there."

Elspeth didn't speak, she didn't say how many times they had been admired and caressed. She took off her shoes and stockings, peeling them down her lovely legs. Then she wiggled out of her suspender belt and put all her things in the locker.

"Now you must take a shower," said Mavis, "you must be spotlessly clean for your initiation."

Elspeth shrugged and stepped into the shower, wondering why her best friend, Sally, wasn't there. She had expected her to guide her and help her. She looked around for a shower cap, there wasn't one.

She sighed as the spray ruined her hairdo and reached for the soap, working up a rich lather on her limbs and body, then watched it wash off and gurgle down the drain. She stepped out of the shower stall and saw both Cora and Mavis waiting for her with white fluffy towels. Even though she didn't fancy the idea, she let both of them dry her off. Cora took the half of her from the waist up, Mavis from the waist down. She wished that Sally was there to take over, she was sure that Cora didn't have to take so much time drying her breasts.

She looked around for a nightdress like they were wearing.

"You can't wear these" she was told, "Until you are a fully fledged homer."

Naked, her red hair still wet and plastered to her face, she marched back along the corridor, the girls on either side of her, until they halted in front of a closed door.

The room was dark except for a conical ray of light that shone down from the ceiling.

She was nudged forward and made to stand in the blinding glare of the spotlight.

She could hear whispers, and looking around her eyes couldn't penetrate the blackness.

"Sally," she murmured, "where are you?"

She ad never felt more naked in her life, and as she tried to cover herself with her hands she heard more sniggers and giggles.

A deep voice in the darkness began asking her embarrassing personal questions.

Ws she a virgin?

Was she raped of did she open her thighs voluntarily?

Did she enjoy being screwed?

Had she been sexed by a woman?

Did she prefer men?

Did she masturbate?

Did she use a vibro?

Did she prefer a man, or a woman, or masturbation?

Did she feel like a screw at this moment?

Did she come every time she was sexed?

Elspeth was shocked by the questions. She couldn't imagine what possible bearing these things could have on her becoming a 'Homer'. Yet she had paid her pound, and she knew the importance of being a 'Homer', so she swallowed her pride and humiliation and answered the questions truthfully.

Next she was blindfolded and told to kneel in the circle of light. Cora and Mavis with her, taking her arms and pinioning them to her sides.

She caught a whiff of male after shave. What on earth was a man doing here? This was a girl's school. She wasn't afraid of men, they had made love to her, made her reach for the stars... unless it was gong to be a gang rape! God! she hoped not, she had read about those things, and her blood ran cold at the thought.

The scent grew stronger and she could feel the heat of someones loins close to her face. What felt like a man's penis brushed over her mouth. She tried to turn away, but one of the girls, she wasn't sure

which, held her face so that the penis was forced into her mouth. But it didn't taste like a prick, not as she knew it. She ran her tongue over the tip. It wasn't a man! The blindfold came off, but the girls still held her arms, and Elspeth saw that it was a sausage held high between a girl's thighs curving up from her belly.

Her face was locked between the girl's thighs and Elspeth couldn't look up to se who it was, but Mavis told her what to do.

"CHEW!"

As part of the ceremony Elspeth had to eat the whole sausage.

Cora explained the ritual to her. It followed the ancient rite of an African tribe of Amazons. When these ladies of the jungle captured a male warrior from another tribe, they first screwed him. Then, when each member had been satisfied and he was of no use to them, he was turned over to his capturer, and she devoured his penis.

This rite was now performed by the Homers, and every member had to go through with it before being accepted into the order.

Elspeth found out the identity of the girl standing before her. It was Sally, and she wasn't really surprised, Sally had sponsered her into the movement, and it was the duty of the sponsor to take on the role of a male during the ceremony.

As she knelt before Sally, the lights came up, and to her horror, Elspeth discovered that she had been performing in full view of about thirty females, of varying ages. Some of them were years older that she, long since left college. All of them, she was told, were fully fledged Homers, and had all gone through the same ritual she had, and was going to go through... because her initiation had just begun!

Elspeth was conducted to a private room, furnished fit for a queen, including a huge double bed. She was ordered to lay down on the bed, Cora and Mavis holding her hands and legs, while Sally, as her sponsor, loomed over her.

Her body tensed, and she could feel herself getting excited at the thought of what was going to happen, Sally put her hand on Elspeths flesh, it made her breasts feel larger, tight skinned, as if they were going to burst. She drew air into her lungs, hungrily, and her nostrils flared as Sally's lips moved on her own, forcing her lips apart and plunging her tongue into her open mouth.

Elspeth moaned, she felt a sudden desire in her loins, Sally's lips were voracious in their demands. Elspeth couldn't contain a low moan of pleasure, it felt so good. She had never been so hot before, not even with the various men who had screwed her. She was teased until she thought she couldn't take any more. Then began the downward sweep, a kiss on the underpart of her breast, then on her belly. A dart of the tongue in her naval, then farther down, through the red forest. A moment of panic streaked through Elspeth when she realised what Sally was going to do. She struggled, but the other two girls held hr fast.

"Please" she panted, "I don't want you to do it."

"Yes you do" Sally whispered, and buried her head between Elspeth's pulsating thighs.

At the first lash of her tongue, she thought she would faint, the sensation was so intense. But that was only the beginning, Sally had foung the 'little man in the boat' and she proceeded to rock him until he began to quiver!

Elspeth pressed her hips upward in blind seeking, her mouth working convulsively, incoherent whines and mews of pleasure escaping from her lips, and then... finally, with one great gasp, she sobbed, her whole body shaking as a giant tremor tore a hoase scream of completion from her spasming interior.

"Why" she whispered, "if you wanted me this way, didn't you do it before?"

"Part of the ritual darling, only Homers can fraternise this way with another Homer."

And now that Elspeth was one of the fraternity, Cora and Mavis took their turns with her!

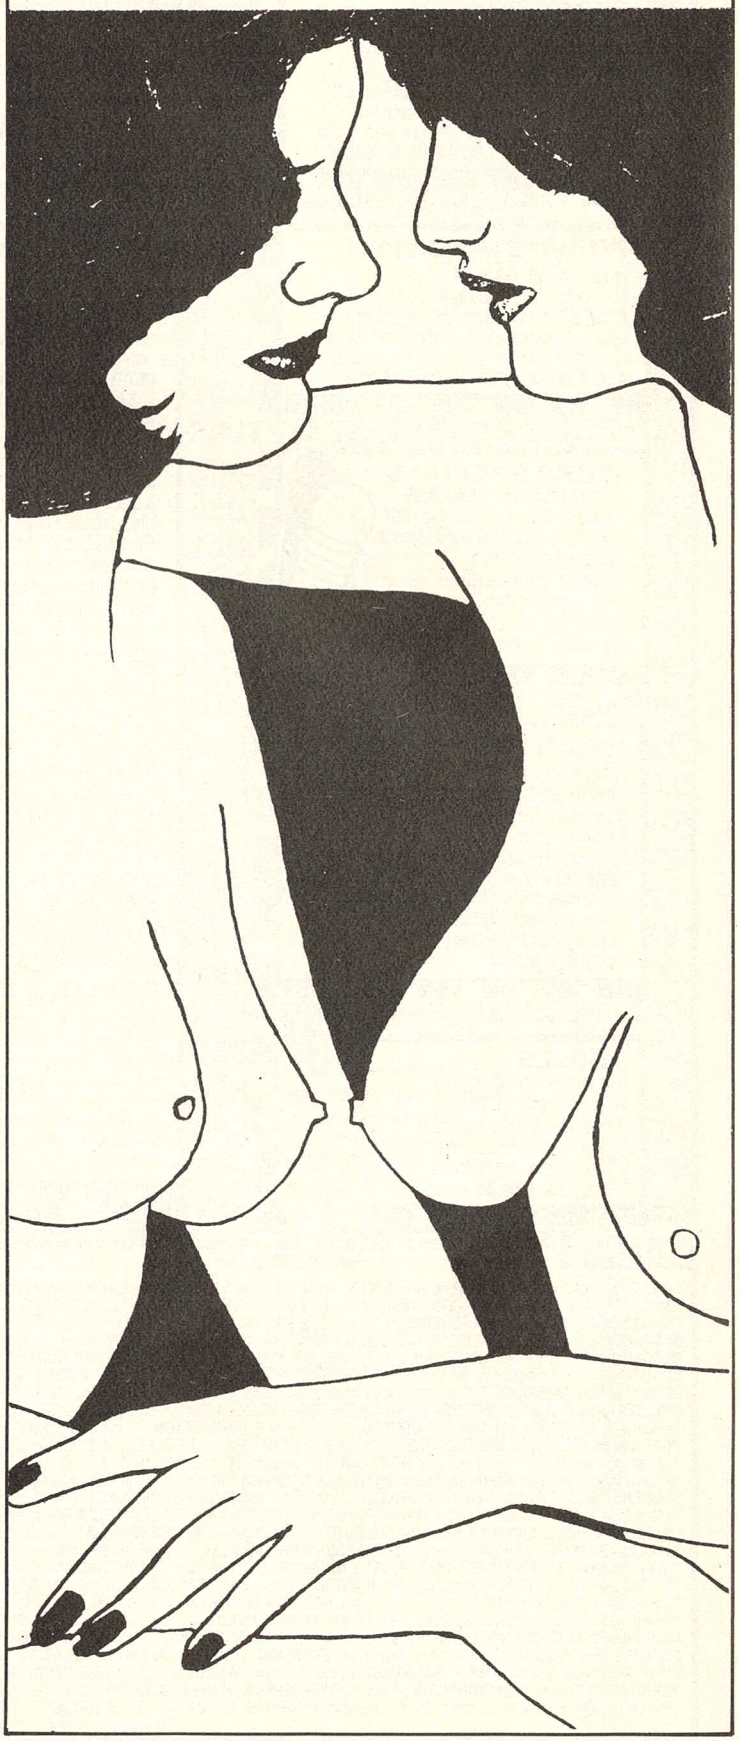
PERVERTED SISTERS



I'd just had a shower, and I was walking, stark naked, down the corridor, when I heard this slapping noise coming from Penny's room.

Before I go on I think I ought to tell you a few other things. Maddy, our mother, is thirty-nine, though she doesn't look a day over thirty, and she has taught Penny (my twin sister) and I all about sex, and she did it in the best possible way, by letting us watch while she fucked with a succession of men. Yes, that's right, I have watched my mother fuck with a man, I have also watched my sister fuck with a man, I've joined in with her as well when she's been fucking, and she's also joined in with me. Penny and I don't make love to each other, for mother will now allow incest. Now Penny and I are identical twins, even the fleshy folds of our pussy lips are the same. My name is Cissy by the way, and I am nineteen years old and Maddy, my mother, Penny and myself live in this mansion of a house together. Some people call us kinky and perverted, but I'm going to let you be the judge of that. Anyway, you'll understand what I mean as you read this story.

Now where was I? Oh yes. I was walking past Penny's room when I heard this slapping noise, so I pushed open the door and walked in, and a lovely sight greeted my eyes. There was penny, naked, stretched out face down on the bed and Ted, a man we both knew, was bent over her and he was gently slapping at her firm rounded bum with the palm of his right hand.

Both Penny and I like a little gentle slapping session every now and then as we feel it adds spice to the sex act. Well, Ted was slapping away and Penny's bum was quite pink. She was moaning and having a great time.

I looked at Ted's cock and went weak with desire, for it was so stiff and hard and erect. It looked really good. I felt my juices start to boil up inside my cunt hole as I gazed at that monster of a penis.

Ted has fucked me before, and when he saw me he stopped slapping at my sister's bum, walked over to me, pulled me close, and kissed me on the mouth. I felt his hard cock press against my flat belly and this made my juices spurt out from my cunt hole and run down the inside of my legs.

Penny, my sister, rolled over on the bed, and I pulled away from Ted and looked at her. I saw that her pussy was gaping wide open and she ws showering out even more cream than I was, so much so that thee was a huge damp patch on the sheets.

"Let's cover him in juice," said Penny, her eyes wide with lust and pleasure.

"What a bloody good idea," I said. "Okay Ted, you stretch out on the bed and we'll give you a real kinky treat."

"I'll start," said Penny.

I sat on the edge of the bed and watched. My sister and I had done this little trick many times before, I always enjoyed it, so did she, and so far so had all the men we had performed it on. It was really kinky, and I do mean way-out kinky.

Penny straddled him then crouched down so that her cunt lips were a few inches from his stiff cock. She then reached down with her right hand, pushed three fingers into her quim, and then started to wank herself off. I've seen my sister wank herself off many times before, and it always gives me a great kick. She's always watched me wank off, and she says she also gets a great thrill out of it.

Anyway, there she was, my naked identical twin, crouching over his cock and wanking herself off as fast as she could go.

Her juices started to dribble down from her pussy and splatter over his cock, then as she wanked even harder, that trickle became a stream, and soon there was a great flood of hot cunt cream falling over his cock and balls and stomach.

He was sighing with pleasure, and as that hot cream fell onto his flesh, his cock got harder and stiffer and began to throb like hell; in fact it throbbed so much that for a moment I thought he was going to come there and then.

His cock and belly were now swimming in my sister's cunt juice, and she was frigging herself so hard that she had an

PERVERTED SISTERS

orgasm, and as that climax powered through her naked body, her juices spurted out faster than ever.

She took her fingers from her cunt and moved over and sat on the edge of the bed. "Your turn," she said, looking at me.

"Hell, all that juice on my cock feels really good," said Ted.

:"You haven't seen anything yet" I told him, and I moved over and crouched down over his face. "I'm going to cover your head with my cream now," I added.

"That's it," said Penny, "give him all you've got. Coat him with your thick cream."

I positioned myself so that my cunt lips were a few inches above Ted's face and then I slipped three fingers deep into my own cunt hole. I like touching myself in there, I really do, and I like it even better when someone is watching me and right at that very moment in time, Ted was looking at me, and so was my twin sister.

I started to wank off, and my thick cream dribbled down onto his forehead. I wanked off even faster and my juices spurted out. I then changed my positon, wanking myself off all the time with my plunging fingers, and more of my juice cascaded down all over his nose, his eyes, his chin and his cheeks.

By the time I had given myself an orgasm his face was dripping and swimming with my cunt juices, he looked very lovely. I moved from his body and he said it had been a great experience and he went to sit up. I told him to stay where he was as we hadn't finished yet, that that was only the first part, so he stretched out again and waited to see what we were going to do.

I moved down his body, and his eyes went wide and he let out a huge gasp of amazement as he saw me start to lick the cunt cream from his stiff cock. Penny was watching as well, and she licked her lips and shivered with pleasure as I lapped the cream from Ted's throbbing cock. It tasted nice, and so did his prick.

I worked on his balls and his belly and his cock till there wasn't a single drop of juice left on his skin, then I rolled over, pushed two fingers into my cunt hole, and started to wank myself off.

Penny then dived over there and a few seconds later her darting tongue was lapping up the cream from Ted's face. Sucking up my cream from his face, sucking it up and then drinking it down, gave Penny a great orgasm, and as her juices flowed and bubbled from her cunt, I plunged my fingers even further into my own pussy and gave myself a great climax.

"Now, I've seen just abo everything," said Ted. "But loo my prick is just about to explod which of you two wants my cock in her cunt, eh?"

"Let's have it one after the other," said Penny.

"Yes, we've had it like that before and it was great fun," I said. I turned to Ted and explained what it was he would have to do. I said: "Penny and I will stretch out side by side, you'll get on top of me and fuck me for a few seconds, then you'll pull your prick out and then shove it into Penny's cunt hole, you'll fuck her for a little while and then shove it in me again. Just think about it Ted, you'll be fucking us almost at the same time."

Ted smiled and then nodded. "A fantastic idea," he agreed.

So Penny and I stretched out side by side on the bed. Ted looked at me and then at Penny. I could see that he was fascinated that we both looked so alike. Let me describe myself and in doing that I'll also be describing Penny, for we are identical in every single respect, right down to the number of curly pubic hairs on our cunts.

I am tall, with long golden hair, marvellous ripe heavy tits, long legs, flat belly, and floppy cunt lips. Okay, got the picture? Well Ted was seeing all that but double. Yes, he was seeing two at once, and I reckon that any man would give just about anything to have naked twins in bed with him.

He got on top of me and as his hard balls glided over my inner thighs, I shivered and shook with joy. Then he mounted me, and in one very easy movement his prick, that lovely huge thick prick, slid deep into my cunt. He pushed it all the way in, right to the very top.

"Oh," sighed Penny, "I do love seeing a man stick his cock inside your cunt."

"It feels as good as it looks," I gasped, and then I wrapped my long legs around the small of Ted's back and pulled that lovely cock of his even deeper into my tight hot cunt.

Penny stretched out next to me, was breathing hard, and the

She slowly pushed that small plastic ball into her cunt

reason for that was she had found a candle by the side of the bed and she was now hammering it in and out of her cunt hole just as fast as he could go, and that was very fast indeed. Her fingers were just a blur as she pounded that wax stick in and out of her pussy.

Anyway, Ted's cock was deep inside my cunt hole and I was having orgasm after orgasm as he powered in and out of me. He fucked me for almost a minute and then he pulled out and rolled over.

Penny took the candle from her cunt raised it to her mouth, sucked her juices from it, then handed it to me. I took it from her, slowly inserted it into my pussy hole, and began to wank myself off, and at the same time, Ted dived on top of Penny, shoved his cock into her dripping wet cunt and started to shaft her like the clappers.

I loved seeing his stiff cock blast in and out of her pussy, it gave me a great thrill to know that my sister was having a good time. I watched as his balls banged against her tender cunt lips, and all the while I was wanking myself off to orgasm after orgasm with that thick wax candle.

Ted gave Penny a great climax, then he pulled his still stiff cock out of her hole, I took the candle out of mine and handed it back to Penny, she shoved it into her cunt hole, and at the same moment Ted mounted me and once again that thick cock of his was hammering away inside my quim.

Well, this went on and on and on, and we wondered if he was ever going to come, and both Penny and I hoped that we would be the one to get his sperm.

As it turned out it was my lucky day, for he was fucking me for about the tenth time, when his cock seemed to go harder than ever, his glans expanded, and then he poured out a nice hot thick stream of spunk into my cunt.

I shouted with joy as I felt that hot torrent of thick spunk gush into my hole, and there was so much of it that my cunt overflowed and the white stuff started to drip back over his hard balls. Ted pulled his cock out of my hole and Penny rolled over, took it into her mouth and sucked at that limp cock till it was clean and dry. Then Ted pushed his finger into my sperm filled pussy hole and I sucked that finger dry for him. It was great fun.

Then Penny left the room, she said she had to have a shower and go out as she had a date with Kim, a girl from the local village. It seemed that Kim had never fucked with another woman before and Penny was going to introduce her to all the subtle secrets of bisexual love.

Ted and I were sweaty and covered with juice and spunk, so we went back into the bathroom and had a shower. I fucked with Ted three more times, and then he got dressed and left and I fell asleep. When I awoke I went to the bathroom to relieve myself, and as I was walking back to my room I heard this maoning coming from my mother's room.

I walked in and saw that she was with a man called Ron. He was a tall bloke, with a thick cock, and a handsome face. He was flat on his face and my mother was licking at the firm cheeks of his bum. I told her I had a date, then went back to my room and got dressed. Then I got into my car drove to this small cottage some five miles away. The cottage was where Tracy lived. She is two years older than me and one of my many female lovers.

She was ready and waiting for me, for she was naked when she opened the door. Her breasts were heaving with anticipation and her red nipples were already fully erect. I also noticed that she had shaved all the hair from her cunt since I had last seen the naked fully exposed, floppy lips of her pussy were really something.

We went into her bedroom. I knew just how she liked to start off her sex sessions as I'd fucked with her many times before.

She stretched out on the bed face down and I spent the next ten minutes slapping at her rounded soft bum with the palm of my hand. She had seven or eight orgasms while I was doing that to her.

"I've got a new trick," she said, sitting up.

"Show it to me then," I replied.

She smiled and she picked up a table tennis ball and then sat down on a chair, her legs wide open. She slowly pushed that small plastic ball into her cunt hole till her lips closed over it and

PERVERTED SISTERS

it was hidden from view. Apart from a slight bulge there was no way of telling that she had anything inside her cunt hole. I was amazed.

"Watch this,' she whispered. A frown of concentration appeared on her face and then she used every bit of her cunt muscles and her cunt lips flipped open and that small plastic ball came shooting out of her quim and flew ten feet across the room and bounced from the wall.

"That was great," I said.

"Yes, it is lovely doing it," she said.

"Next time you come round I'll show you something else. But now let's get down to some real fucking. By the way I saw your mother yesterday."

"Did you?"

"Yes," she replied, a smile lighting up her face. "She and I had a good fucking session in my back garden. You know your mother has a very nice tasting cunt hole."

I pulled her down onto the bed and kissed her on the mouth and as I pushed my tongue into her mouth, I also reached down and stroked at her lovely bum with the fingers of my right hand.

I felt her entire body shiver with pleasure as my fingers explored the deep cleft between her buttocks. We then broke apart and she moved down and started to suck at my breasts and nipples.

I then stretched out on the sheets. She knew what I wanted her to do and she did it right away, she went down between my long legs and then brushed the tip of her darting tongue all over my wet cunt lips.

As that tongue of hers rasped over my fleshy folds my juices started to bubble out and she started to drink them down. She then pushed that tongue into my cunt hole and slurped away for all she was worth, and at the same time she slipped her right hand under me. I had one of the best orgasms that I had ever known, and my entire body convulsed as the shock waves went through me, and she had to swallow very fast as my juices came out like a waterfall.

She gave me another orgasm with her lips and tongue and then we rolled over in the old sixty-nine position and sucked each other out at the same time.

Then she pulled her dildo from under the bed and pushed it deep into my cunt, and by the time she had finished wanking me off with that huge thing, the sheets on the bed were sopping wet from where my pussy juices had spurted out and showered out from my cunt hole.

Well, I stayed with her for the rest of the afternoon and we did all sorts of things together, and then we had a shower, after which I drove home.

I found Penny in her room, and she was having a right little orgy. She was with two of the local boys; all three of them were stark naked on the bed, and one of them had his cock in Penny's pussy hole and the other cock was deep in her mouth.

I stood in the doorway of her bedroom and watched them for a while. Penny was writhing and twisting as those two cocks went to work on her, and they were all so busy with what they were doing that they didn't notice me.

The two boys came at the same time, and it gave me a great thrill to see Penny get a double load of hot spunk. She had spunk dripping from her mouth and spunk dripping from her pussy hole, and going by the expression on her face, I'd say that she was having a fantastic orgasm.

I went back to my room and stretched out on the bed, it had been a really good day, and there was only one way to make it perfect.

I lifted up my skirt, pulled down my knickers, and then pushed two fingers into my cunt hole and started to wank myself off with my hand. I wanked off like that for ten minutes and had lots and lots of lovely orgasms, then I took my fingers from my cunt hole, placed them in my mouth and sucked them dry, for I do so much love the taste of my cunt cream.

Well, that's what we're like, that should give you some idea of how perverted we two sisters are. Though we don't look on it as being perverted, for Maddy has always told us that if we enjoy it, if the people we are doing it to also enjoy it, then it can't be perverted.

All I know is that I'm nineteen years old, that I love sex, that my twin sister loves sex, and that we get as much as we want.

Well I've run out of time and space, so I'll have to say goodbye for now, but if you're ever down our way, and if you ever see identical twin sisters walking, then stop and say hello, and you;ll have the time of your life.

"Go on!" she urged. "Wank off my little clitty 'til it's all big and making me want to come!"

SANDY
- the definitive big, busty blonde

LADIES IN WANTING

"Oh yes" smiled the Mother Superior, "In those days, the Middle Ages, there were many scandals associated with nunneries and convents and monasteries. All was by no means what it appeared to be in those days."

"You mean – " asked Mary, "that people were more permissive, even more than they are today?"

The Mother Superior smiled again "Not so much permissive" she replied – "as so terribly frustrated and inhibited that they would go to any lengths to get sexual satisfaction. That included the men as well as the girls and the women – of course."

Mary looked at the Mother Superior. The two of them were in a small oak-panneled office of the Convent of St. Cicilian, a small nunnery on the outskirts of London, housing an order called the Sisters of the Bedchamber.

It was, the Mother Superior had informed her, a very ancient Order founded in the Middle Ages. This branch of the Order was the only one in existance, apart for the a larger Convent over in France. That Convent and this one had upheld the ancient Order of the Sisters of the Bedchamber for many many centuries.

Unlike the typical Nun, the Sisters of the Bedchamber were not required to have their heads completely shaven upon entering the order and becoming fully fledged nuns. They were permitted to keep their hair and indeed were required to have it attended to each week in order to keep it in excellent condition.

Mary glanced down at the Mother Superior's trim waist as she stood with her by a window in the small room overlooking the Convent grounds. Round her waist was not the usual Rosary as affected by women in Holy Orders. Indeed, she wore a thin gold chain that drew her waist in most elegantly. From the chain, and hanging down in the front, was a large, a very large gold medallion.

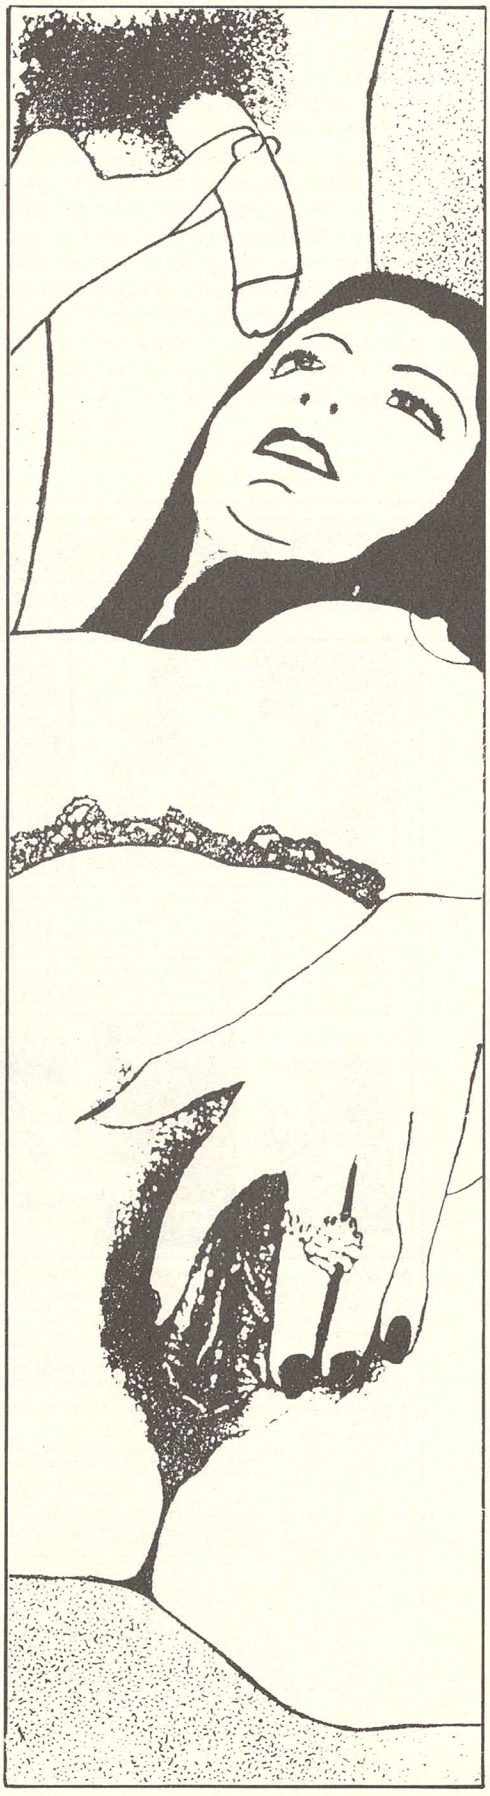
"May I see it?" asked Mary, pointing to it.

"Of course you may" smiled the Mother Superior a young woman of about thirty. She lifted it up, gave it to Mary. It felt heavy in the girl's hand and was indeed thick and about four inches in diameter. Mary looked at the first side and her eyes grew round.

"Good heavens" she exclaimed "it's not a Cross nor a Crucifix!"

The Mother Superior smiled indulgently at the young blonde girl. "No my child" she said. "We do not persume to blaspheme nor to be profane."

Mary studied the raised design on the face of the medallion. Instead of a holy figure or the conventional Cross or Crucifix – there was a bold representation of an erect prick with two bulbous balls at the base. Round the medallion ran a lettered inscription – obviously Latin. The Mother Superior watched Mary trying to interpret it.



"It is an original design from the days when the Order was first instituted" she said. "Long before St. Joan and the Spanish Inquisition. The text is in Latin and it is the motto of the Sisters of the Bedchamber."

"What does it say?" asked Mary. She stood by the gentle light of the window in a knee-length pink linen dress. Her hair was long and blonde, reaching to her shoulders. The Mother Superior was taking all this in as she watched the girl.

"It says," replied the Mother Superior "It says 'the Prick is the Staff of Life.'" Mary, still holding the heavy round gold object in her right hand, looked at the Mother Superior. "Doesn't sound very holy!" she smiled.

"What could be more holy than the Prick?" asked the Mother Superior. "It is indeed the very Staff of Life. From the Erect Prick comes forth the Stream that makes New Life in the Womb of the Female."

Mary had the distinct impression the Mother Superior stressed each important word as if indeed it had been pronounced with a capital letter.

"Look on the other side," prompted her companion. Mary turned the heavy medallion over. That side was an embossed representation of the open thighs of a female. In the centre of the thighs was a creditable representation of an open vagina with small curly hairs surrounding it. Round the edge of that side ran another Latin inscription.

"What does it say?" asked Mary.

"It says" replied the Mother Superior "The Cunt is the Fountain of Life."

Mary let the heavy medallion drop back against the nun's habit.

"I see" she said. "All this is very different from what I thought it was" she went on. "I thought it was – well – an ordinary Convent – an ordinary nuns' Order."

The Mother Superior smiled indulgently. "We worship the Prick" she said. "We have worshipped the Prick ever since the Order of the Sisters of the Bedchamber was founded in the Middle Ages. We are not concerned with death and violence and crucifixion and suffering and morbid things of that nature. We are dedicated to the joys of Life, the Pleasures of Sex, the ectasies of Love and Passion. All the young Sisters here at this Convent had to take Vows of perpetual Promiscuity and Lustfulness when they entered the Order. They have to be obedient to the fancies of the Flesh – to Worship the Semen that comes from the Lustful Male and to be Obedient at all times to the Desires and the Passions of the Male."

"But surely," put in Mary – "as nuns – you can have nothing to do with men?"

The Mother Superior smiled. "But this is the whole point of the Order" she said. "We were founded centuries ago for the benefit of men. The Convent and our other one in

Fucked in full view of the congregation

France is in existence for the benefit of men. We have hundreds of Members of our Convent, our Order, who are males and who visit us with unfailing regularity. We uphold the greatest traditions of the past which first started when monks went to the nunneries to visit nuns for consolations fo the Flesh which they could not seek nor find outside the monastery walls with ordinary girls and women."

"I see" said Mary. "In other words the Sisters of the Bechamber are well – they are prostitutes?"

The Mother Superior smiled. "We really prefer not to use that word" she said. "We do not like to think of ourselves in such a way. Sex is an essential of everyday life. Men cannot live without it."

"But surely" observed Mary, looking the Mother Superior up and down in her very asexual, long blue habit – "Surely men do not, cannot, find nuns very sexy? – I mean I have always regarded nuns as being, well, very formidable, natural, not real females at all. In the same way as I always regard priests and vicars with their funny round white collars and black suits as – well, as nonsexual human-beings. And monks as well, in their brown habits and cowls and tonsures."

The Mother Superior straightened the wimple crowning her head and looked at Mary with her sharp grey eyes. She looked calm and radiant, her cheeks were suffused with a delicate pink, her lips parted in a smile.

"The Sisters of the Bechamber are well regarded as true and desirable women" she answered. And, standing back from Mary, she suddenly lifted her long pale blue habit to her waist. Mary gasped as she saw she was wearing black high-heeled shoes, long lustrous black silk stockings held in taut, tight place by red lacy suspenders which were coming down from her waist through the delicate lacy legs of a pair of very small white broiderie Anglaise knickers.

"Good Heavens!" said the startled Mary.

"We are all dressed under out habits like that" she said. "We have our underwear sent to us direct from Paris. We keep our hair in trim as I have already told you. In a matter of seconds, after casting off our blue habits, we become beautifully sexual young women and girls. The men who come to visit us and who give voluntary alms for the upkeep of the convent and the Order then regard us as sexual objects and together we all Worship the great god Priapus in our Chapel. At times, the Chapel is full of about fifty young Sisters and fifty men of all ages and from all walks of life, kneeling in the Chapel pews in front of an altar in the middle of which, and high up on the altar – is a giant representation of the Erecct Prick surmounting a pair of gorgeous round balls – all wrought in exquisite Gold. We join in singing hymns of praise to the erect Prick and venerate a statue of the god Priapus and also another statute of the god Pan which stands at either end of the alter. The climax of our Mass is when one of our Sisters strips naked on the alter and is fucked in full view of all the congregation and the Sisters. A man has been chosen beforehand from the congregation to perform that duty of that particular Mass and he makes his entrance from the Sanctuary Door at the side of the altar, stark naked and with his Prick at full erection, it having been massaged up to that glorious state by a Sister attending him in the Sanctuary at the side of the altar."

"All sounds rather like a Black Magic rite to me" said Mary.

The Mother Superior shook her wimpled head. "Nothing so wicked as Black Magic" she said. "Or Witchcraft either. Afer all" she reasoned – "The human phallus and the human vagina were designed and created by God for the procreation and the propogation of his human race. Why revile them? They are both part of his divine design for a world peopled by human beings. It is far more blasphemous to speak of the Prick and the Cunt, surely, as being disgusting and revolting than to speak of them with reverence and adulation? One speaks in glowing terms of the new-born baby, so why not also speak in glowing terms of seminal fluid and female ovum and the erect Prick and the open Cunt? The human chemicals and the devices used for the mixing of those chemicals should be treated with as much reverence as is the new born baby resulting from the mixing of those chemicals. Why turn a blind eye to the function of fucking but at the same time worship the ultimate and inevitable end-all and be-all of fucking, when it has been intended to make a child for the act?

"But" objected Mary – "All acts of fucking do not produce children. Then it becomes fornication, surely? And fornication is supposed to be a sin?"

The Mother Superior smiled. "Fornication

Spend the night in fornicating and in fucking

is merely healthy, human, normal and natural exercising of the heterosexual mechanism of the male and the female body" she replied. "If the male and the female do not regularly exercise their sexual organs in masturbation and oral love-making and controlled fucking – then the sexual organ – the male Prick and the balls and the prostrate gland can become atrophied, unless and, in many cases, diseased and inoperable. In the woman, the vagina can become permanently closed, more or less. Periods made painful and impossible almost to bear. On the other hand, if men and women made a baby every time they fucked the world would be full to overcrowding of unwanted children. The Sisters of the Bedchamber enable healty men to fuck and to fornicate in order to keep thier bodies healthy and in good working order for use with their wives and girlfriends. The Sisters mean men do not have to go with common prostitutes and risk veneral disease. Our Sisters here and in France undergo regular weekly medical checks. The are forever clean and wholesome. Come now, child," she went on, taking Mary by her hand. "I will show you our beautiful chapel."

Mary gazed around the small, clean, brightly lit Chapel. Electric lamps like candles ranged the gilt and white walls either side of the light oak pews. Steps led up to a High Altar. In the centre of the altar stood a ten-foot high gold carving of the gigantic Erect Prick, with exposed knob. The shaft stood proud upto two shiny round balls and carved, flowing hair curled round the base of the balls and round the bottom of the gilt prick. The Mother Superior pressed a small depression on the side of a long, low alter rail and great shots of white milky fluid spurted up into the air from a hole in the tip of the gold knob and splattered down behind the altar.

"Symbolic of the Stream of Life" smiled the Mother Superior. "The fluid is made to shoot out of the prick at the very moment it is observed that the man fucking the Sister on a couch in the middle of the altar is starting to ejaculate."

Mary looked at the twelve-foot-high gilt statues of the gods Pan and Priapus each side of the red-plush carpeted altar, each image bearing an outsized, erected prick.

The Mother Superior pointed to a pulpit on the right hand side of the altar.

"I preach sermons from the pulpit at each mass" she said, "and in addition, a new man chosen from each congregation also preaches a short sermon about love and sex during each Mass."

"And what happesn after a Mass?" asked Mary.

"We always have fifty men for our fifty Sisters" she replied. "No more – no less. When each evening Mass is concluded, the men pair off with the Sisters and retire to the small cells – small bedrooms, in the Convent and spend the night in fornicating and in fucking. This happens twice a week, once in mid week, once at every weekend. Come I will show you the cells."

They walked down cloisters surrounding a small rectangle of beautifully mown grass, across which the warm afternoon sun was sending gold-gree shafts of light, sloping down from the red tiled roofing of the four sides of the Convent building surrounding the lawn. In the centre of the lawn, a golden figure of Pan stood, mounted on a plinth high above a circular sunken bath into which he continually peed a stream of translucent fountain water from an enlarged phallus.

The Mother Superior opened the door of one of a row of small rooms leading off a passageway that led off the cloisters. Mary saw a room about twelve feet long by ten feet wide, carpeted in deep red plush Axminster. A double bed, a table, wardrobe, light cream coloured radiator against a wall, an electric clock on one wall and two armchairs completed the furnishings. On a table by the double bed were some vibrators, French Letters, dildoes, an on one wall hung a whip and cane and some straps and chains.

"We naturally cater for all tastes and desires" smiled the Mother Superior. "All and every form of fornication is permitted here and we have Sisters who specialise in various forms of sexual relief for the members of Congregation. Nothing is overlooked. Nothing is impossible. All male desires are amply gratified. She pressed a small switch and one wall raised up a false covering to reveal a large wall mirror opposite the double bed.

"For men who like to watch themselves fucking and fornicating" she smiled. She touched the switch and the false wall descended again over the mirror.

"All very Holy" smiled Mary.

"Sex is Holy" said the Mother Superior.

"And the other rooms – are all the cells like this one?" asked Mary.

The Mother Superior nodded. "All except for the three larger ones we use fo the male members of our Congregation who enjoy having two or three Sisters in with them at one and the same time" smiled her guide. "Come, I will show you."

A moment or so later, Mary was in a room twice the size of the first one. There was a double bed, a table with sex aids on it, the same furnishing and carpeting. yet another false wall that rose as the Mother Superior touched a switch to reveal a large wall mirror. On another wall hung a whip, chains and straps. She opened a wardrobe to show Mary an assortment of dresses, long and short. A drawer was opened to reveal a pile of delightful male and female undies, from leather and rubber to silk and satin to cotton and linen. And a row of high leather boots and stiletto shoes was ranged at the back of the wardrobe.

"This is really an elaborate Brothel, isn't it?" said Mary, as the Mother Superior closed the wardrobe door.

As her companion led the way to the Dining Room in order to show it to Mary – she replied. "That is a bad word, my dear girl! A brothel houses whores. This is a convent and we house Sisters – nuns. Dedicated, vocational girls who have taken the Perpetual Vows. It is just the same at our other remaining Convent in France. Many hundreds of years ago, there were no less than one dozen Convents of the Sisters of the Bedchamber, dotted around all over Europe and England itself. With the coming of the Reformation in the time oif Henry VIII – they were all desecrated – except for the one in France and this one. We have managed to survive down through the centuries. We exist on what our male Congregation pay us, but they pay more than well so that our French Convent and this one too, always have ample alms with which to support ourselves."

"Any girl can become a Sister of the Bedchamber?"

"Only if she is non-virgin" replied the Mother Superior. "She has to be of excellent parentage. Has to have money which she donates to the Convent as soon as she is accepted. She does not go through a period of trial as a novitiate nun. She becomes a fully fledged Sister as soon as she has put her signature to the Vows and has surrendered a goodly portion of her money to us. She cannot leave for five years. After that, she can go if she wishes, but in the main we do not care to have Sisters over the age of twenty-five as the men much prefer girls to be as young as is possible.

"But do you not get girls betraying you?" asked Mary. "Girls leaving before the five year period is up? Girls leaving to marry men they meet here and fall in love with?"

The Mother Superior nodded. "We allow Sisters to relinquish their vows when we are satisfied they wish to leave and get married" she said. "We permit girls to leave if they develop ill health. We expel girls for deliberate non-cooperation with me or my clerical and administration staff. Or if they refuse to cooperate with the men of our congregations. We have never, so far, been betrayed. Our Sisters here are always loyal. They have a splendid life here. Eat well. have every comfort. Lots of spare time, televison. Time off in which to leave the Convent in civilian clothes and to enjoy themselves in the outside world. They always return at the appointed times. We never have any trouble with them. No betrayals. No Sister has yet gone to a newspaper to denounce us."

"You have been most fortunate then, so far" observed Mary. "For I am from a national magazine investigating sex in society and I rather feel my editor will be most interested in this very historical but very ingenious way of establishing a brothel with such an extraordinary 'front' for it all seems so wonderfully innocent!"

....and that is how the Convent of the Sisters of the Bedchamber has come to be exposed! But French officialdom, being far more lenient, permissive and liberated, not to say uninhibited – has done nothing, so far, to close down the French Convent of the Sisters of the Bedchamber. As far as the English branch of the Order is concerned – it is not a Super-vast Supermarket. Not even the green lawn surrounded by cloisters and the cells remain. There is now no sign of that statue of Pan in the centre of the lawn – piddling into the air. It is standing in state in the Editorial Boardroom!

A VIRGIN'S PROGRESS

When most girls lose their virginity it is nearly always under conditions of strict privacy. At its best, in bed or more generally in a car or in some quiet nook in the woods. The girls are usually aware of what the current boy-friends are after and they are able to make up their own minds whether to let it go or not. However, in this case, Mary lost hers while her sister, who was two years older than herself, not only watched it happen to her but was actually instrumental in guiding the ravishing prick into her sister's body!

This all happened when, one day their mother went out shopping. Jill had been alone in the house when her boy friend Peter, called. They quickly realised the golden opportunity provided and knowing each others strong sexual appetite, were soon busy fondling each other in the divan in the lounge. With her panties slipped off in double quick time and her dress held up above her waist, she made it easy for him to get it where he wanted.

Peter was soon thrusting away into this willing girl to their mutual delight. However they were having to take things cautiously because neither of them had a condom. For all that they were actually enjoying what they were doing.

Jill's sister Mary, who was a couple of years younger than her, had a small job in a local Garage and Jill had considered her as being well out of the way as Peter's cock went on plunging in and out of her, giving hem both a lot of pleasure from what was happening between their legs.

The shock can be imagined when Mary, who at short notice had been given the afternoon off in return for some overtime, suddenly walked into the lounge to see Jill on her back on the divan, with her legs in the air and Peter, obviously in the last throes of his orgasm, pumping away between them.

Mary was no little innocent. She knew what boys wanted to do to girls and what girls wanted done to them! As it was, she had given herself lots of sensations by fingering her cunt and, several times, by inserting two or three fingers, had simulated the supreme act. All this in addition to the usual heavy petting that girls of her age indulged in.

Now as she stood looking at her sister and her boy friend enjoying the great pleasure of having sex together, she was suddenly filled with an intense desire to somehow or other do the same.

Hearing her come in, and for one horrid moment thinking that it was Jill's mother, Peter had quickly whipped his penis out of Jill's cunt just as he had started to ejaculate, so that Mary had the added thrill of watching Peter's prick spitting semen into the air and on to the carpet.

Jill quickly pulled her dress down but not before Mary had seen her fanny, with its dark wet hair surrounding her little pink hole.

"Coo" said Mary, "aren't you a lucky girl! I've always wanted to do something like that."

"Don't be ridiculous." Mary replied. "You weren't supposed to be here."

"It's not ridiculous," Mary replied. "I have only to tell mum what you get up to when she is out and you will be in right trouble. No, I reckon that the best way out of it is for Peter to be the first man to fuck me. I have been looking out for a boy to do it for quite a while, and in fact, I have always kept a French Letter in my bag in case the chance ever came up. Well, it has come up today and I am sure Peter will be only too pleased to try what my little hole feels like when he is sufficiently recovered. Then I will promise not to tell mother. As if I would be able to!

Peter and Jill looked at one another with a 'what can we do' expression and after a little more argument Jill agreed and Peter was smiling all over his face.

As soon as they both assented, Mary lost no time in dropping her skirt and then slid her panties off, as she couldn't wait to grasp such a wonderful opportunity. The thought alone that she now had the chance to have a man put his thing into her body, made her all weak at the knees and she could not have been more eager to have it happen to her for the very first time.

Her jumper she pulled up above her small breasts so that her attractive little domes peeped out from under its hem. Because her breasts were so small she had no need to wear a bra, so she was soon able to take her sisters place on the divan. At the time she made sure that Peter could see where she wanted him to plant his prick.

As it was, he was busy wanking it to a fit state to do what it had to do, so that by the time he lay beside Mary it was sticking out, ready to start all over again.

With one arm round her shoulder he pulled her to him and let his hand cover her mound of Venus. Her hair down there was quite thin and hardly concealed her most interesting part. The movements of his hand soon got Mary excited. Especially when her thoughts were on the intimate experience awaiting her. An experience which she had been wanting to have for such a long time now.

Even in the midst of all this excitement, she remembered to ask Jill to get Peters cock covered with the rubber in the handbag. Mary had kept one there for some time as she knew that one day she was going to face a man's prick and she dreaded being caught with a baby.

As soon as Jill had done this she gave it a few rubs, before it was to enter her sister's tunnel of love.

By now Mary was squirming as his fondling started all manner of sensations in her body and she was relieved when Peter put her on her back and pushed her legs apart. Now for it, she thought as he knelt between them, she could not help taking a quick glance at the rod like thing moving towards her.

Then to her surprise she saw Jill's hand take hold of his prick and guide it to her waiting opening, which must have given Jill a thrill apart from what it did to her.

As soon as it touched her, Mary held her buttocks up towards him while Jill held the rubber covered thing steady as it slowly started to enter. Mary now realised that the real thing was so much better than she had imagined, when she had pushed her own fingers into herself. The feeling, as Peter pushed into her, slowly widening her little virgin passage, was just exquisite and instinctly Mary opened her leg a little wider. As he moved his hips forward, it forced the length of rigid flesh a little deeper in, nudging the moist walls of her cunt aside as it did so.

Mary knew then that at last she was experiencing the very thing that she wanted to happen so

All about her first experience of having a man fuck her

very much. Apart from a slight discomfort at the beginning, her cunt muscles now slid like a collar up and down his tool in a steady rhythmic movement. Her breath came in gasps as she worked her body against his in unison. When she could manage to have a quick look down over her stomach, she was so thrilled to see his wet shiny cock springing from his hairy patch and then across into her own young body until when he had it right up her, with their bodies pressed hard against each other, she knew that it was all inside her.

By now Peter was in full stroke, ramming it right into her, then pulling back to the last inch, before yet another deep plunge scattered sensations galore and let her flesh feel its full length of contact. Mary was shaken by all sorts of thrills as the in and out movement continued. All too soon she felt Peter's body jerk and twitch as he released his sperm into the safety of her rubber protector. She spread her legs and pressed hard against him as their feelings gradually subsided.

He gave her a final kiss as he drew it out of her and Jill, who was equally excited, was busy rubbing her own fanny as a reaction of what she had been closely watching. She told Mary how she had seen it all happen, as she had stood behind Peter when his fleshy rod had first pressed against her quim, before he forced it up into her. Owing to her scarce pubic hair, she had been able to watch her sisters labia flaps fold in and out each time Peter gave it to her.

Mary told her that she had never been so thrilled in her life and that there was now no fear that she would 'split' to their mother about the afternoon's adventures. She did add that now, having found out what a wonderful experience it was to feel a man's tool inside her when she rudely opened her legs to expose her fanny to his eyes., after all this, she knew that she would have to find out some way to experience it all again.

Jill did not want her sister to think that she was going to share Peter with her as that way was just not on. If Peter had any energy she wanted to be the one to enjoy it.

In an endeavour to provide a solution, Jill asked Peter if he knew of an attractive young man who would be able to give Mary all the cock she could take. Peter said that as it happend he did know just the chap to please her. He was a good looker, aged about twenty-two whose regular girl friend had recently moved away, depriving him of his regular source of sex. Peter was sure that he would be only too pleased to give Mary some thrilling sessions. He had his own flat in the town, so it would be easy for them to get together and to have each other in perfect privacy.

Peter suggested that he would tell Harry about Mary's needs and then he would introduce them in a local pub and leave them to sort out what they wanted to do together and where to do it.

Mary said that it seemed strange for her to go up to a perfect stranger and to virtually say, "Please fuck me," but Peter reassured her that Harry was a great chap who liked his cock and if it was explained to him first what was wanted he was sure that the two of them would hit off to their mutual satisfaction.

So, about a week later Peter took Mary to meet Harry. On the way he gave Mary some details of other sexual activities which could add to her pleasure. Such as how to enjoy sex in a few different positions from the one she had already tried. Positions which would let them both get extra pleasure from the intimate use of their bodies. He also advised her not to be too shy about letting him kiss her fanny, nor for that matter for her to kiss his John Thomas. She could be assured that the extra intimacy would add a lot to their thrills.

Mary blushed at the pictures he created but said that she would keep his advice in mind. She even pictured him doing all these things with Jill. These thoughts got her into a right randy state by the time they got the pub and she hoped that nothing would happen to prevent some arrangement being worked out.

Mary and Harry took to each other on sight, so Peter soon left them together. After a few drinks their tongues loosened and they found themselves talking most exciting talk, so that when Harry suggested that she went home with him, she had no hesitation in going and she was even looking forward to what was certainly going to happen.

Ever since that wonderful day when she had forced Peter to deflower her, she had re-lived every second of that thrilling experience. When she had gone to bed that night she had looked at her own naked body and could hardly credit that she had laid down and let a man push his prick right inside her. Thinking agin about those terrific sensations she had confirmed to hereIf that she wanted to feel it happen again and again.

When they reached Harry's flat they were soon standing with their arms around each other and exchanging not only the strongest of kisses but also meaningful pressures from one body to the other. Pressures that left no doubt as to what they were both thinking about. Harry wanted to mount this sex hungry girl and Mary wanted him to do it just as soon as possible.

Coming up for air, he poured out a couple of good vodkas, then sitting on the couch he got her to lie across his lap so that she was conveniently placed to be kissed as well as – a little later – for his hand to fall naturally onto her breast. Then, even under her dress and eventually up between her legs.

Each step increased their natural desire and so in the end Mary was actually holding the bottom edge of her panties away from her legs so that his hand could, with ease, explore her little quim.

Mary found herself telling Harry all about her first experience of having a man fuck her and as she did so, poor Harry found himself getting hornier and hornier. The pressure inside his trousers got too much for him, so sitting up a bit he struggled to lower his zip. As soon as he had done so, Mary did the rest and soon had his pretty stiff weapon sticking up out of his trousers and in a most accessable place for her to return his fondling.

As may be imagined, this all did nothing to soothe their sexual urge and while he had one hand moving up and down her slit, she had hers moving up and down his beautiful penis, making it harder and stiffer.

Inevitably they both wanted to get into a position to enjoy the next stage, so standing up and by mutual consent, they set about undressing each other. Sur-

To excite her cunt with the tip of his tongue

prisingly enough, Mary did not feel a bit shy about stripping in front of a strange man. All she could think about was how it would feel to have a man's prick moving up into her. After each garment was removed they had either a kiss or a grope, so that by the time they were naked they were pretty well sexually excited. Mary could only look fascinated at Harry's massive prick and thrill at the thought of accepting such a thing into her, while Harry had all her female charms on which to feast his eyes.

They were by now, both eager to get started that they didn't bother to go through to the bedroom but decided to use the long couch. Mary dropped on to her back as before and she even held her legs open wide as she watched Harry roll on a rubber. Then coming towards her with his penis swaying from side to side, he leant over her and once more she experienced that great joy as the tapered tip of his cock opened up its way into her love tunnel. From when it was barely an inch into her until it had been thrust as far into her as Harry could push it, there were thrills in profusion all over her body produced by the contact of his flesh to hers and the associated movement.

Being her second experience she knew more what to expect, so she just relaxed and enjoyed every minute of it. Harry had managed to move one hand to cup her small but pretty breast, so that in addition to the sensations generated through his prick he was enjoying the soft silken flesh of her upturned breast.

Gradually Harry's long slow loving movement in and out of her quickened as he got more excited by the grip – her vaginal muscles had all down his stiff rod. So, when he suddenly stopped as he was pressed right into her, her penis convulsed and his orgasm released his hot seed. Mary did not want him to pull out of her but nature soon made him so limp, that he just dropped out and he was left to rub his fingers in and out of the wet place which his prick had just left.

As soon as they had come down to earth from the seventh heaven they had recently been in, they went and had a clean up and got dressed.

They sat quite a time together in each other's arms, while they talked about the wonderful pleasures that had been shared by them, while their bodies had been linked in sex at its best. They arranged for Mary to come again on the following week-end as this would avoid too many explanations at home. She promised to be there by 6.00 so as to give themselves more time before she had to go home at 10.00.

When she got there the next Saturday Harry had everything ready for her. They sat and kissed and cuddled for a while, until they both wanted to get started. So, Harry led her through into his bedroom and her eyes went straight to the bed on which she would soon be laid out, for him to give all the thrills possible as their bodies were joined in sexual ecstasy.

Mary felt a special thrill as she looked round and was able to watch in a large mirror as Harry unzipped her dress and took it off. Again she was not wearing a bra, so she stood there in just her brief panties as she insisted on unzipping his trousers and then getting them off! He took off his own shirt and then both being in their briefs, they each slipped off their own.

Harry's cock was already showing signs of interest in her naked body and as they came together to kiss each other she felt it drive it's way through between her legs right to the back without entering her. Harry made a few rocking movements, which all seemed to start up a lot of feelings in them both.

Harry then got Mary to lie on the bed on her side as he lay beside her but head to toe. He reached out and moved one leg so that he could get his head into a position to excite her cunt with the tip of his tongue. This set Mary alight, and remembering what Peter had told her she soon got hold of Harry's prick and held it to her lips. After kissing it, and finding this something very thrilling to do. She tentatively let it enter her mouth so that her tongue could move over the sensitive parts of his weapon. This went on for a while and they each got more and more excited until Harry said that he would

VIBRATING PENIS

A viciously effective 'whip—hand ' stimulator (available in black or white) as favoured by the ladies of the Brazilian aristocracy.
Its unique snake like action mercilessly activates the nerve ending of the vaginal orifice, nerves that are by-passed by the conventional vibrator (which is active only at the tip). This unique action also stimulates the lubrication duct and women who thought they knew themselves well, report a massive increase in fluid emission, after just a few moments alone with the vibrating penis. It is contoured according to the penis of a donkey(which has more pleasure giving bumps and ridges than the human penis) but is sensibly proportioned at 7½ inches long. Until very recently the vibrating penis was a black market item selling at £10.00 or more, but we are able to offer this brand new concept in female stimulation at a more reasonable price of £3.99 POST FREE

AVAILABLE IN BLACK OR WHITE.

Bring her cunt to a most accessible position for his prick

have to get it up into her or he would go 'over the top.'

So Mary was soon on her back, letting Harry gradually work his covered prick into her. Then she set about enjoying every movement, whether hers or his. As she lay there with her knees raised to let Harry have the easiest access to her body, she could not help thinking how lucky she was to be able to do this thrilling thing. She experienced some wonderful bursts of sensation, which Harry told her were called orgasms and later, after two or three of these, she felt Harry shoot his warm load into her.

When they had recovered from the thrilling time they had enjoyed together, Mary slipped on her dressing gown and Harry just his trousers and they then lay in each others arms on the bed and talked about what they had just done together. Mary told him what a world of sexual pleasure had been opened up for her since Peter had first mounted her.

She said that she was looking forward to experiencing some of those variations in having sex together that Peter had told her about. To her they had sounded exciting and, judging by her first venture into the kissing of each other's intimate parts, had only tried the first of many others. Harry in return told her how thrilling to him it had been, a exual partnership. A willing partner, eager to accept his cock into her without any sham withholding of the great prize as happens so often. They went on to talk of their own actual feelings when the first contact was made between each others naked flesh.

Harry then suggested that when they tried for the next time, that Mary should let him enter her from behind. Of course Mary naturally thought that he intended to invade her anus but he quickly re-assured her that this was done with them both kneeling and so bring her cunt to a most accessable position for his prick to go straight up the usual tunnel from the rear.

With a laugh he said. "Come on, let me show you what I mean". So, shedding their only bits of cover he showed her how to kneel at the side of the bed with her hands and head on the coverlet. She did this and with her well rounded backside presented towards him, he too knelt behind her.

As she looked back she saw that he had rubbed his beautiful cock to a perfect stiffness and he was just rolling a rubber down it before he moved forward to hold his prick to her backward facing opening and Mary then realised that this was equally accessable as she felt him slide it into her.

As it went deeper and deeper, she could feel his stiffness disend the inside of her pussy and when it was right in, he reached found to fondle her lovely tits while he maintained the in and out motion which kept up the thrills. Mary said afterwards that she felt at one with him and when she too moved back against his impaling weapon, she had several orgasms before Harry started to shake as his penis once more ejaculated.

He remained pressed into her for a little while until all the thrills and other sensations had died away. His deflated cock coming out of her was a signal for her to turn round towards him, so that they could convey to each other by stupendous kisses how much they had enjoyed their recent coupling. Talking about it they both reckoned that they had had a superior experience compared with what had happened before. Mary capped it all by saying that she hoped that he would soon be able to show her some more variations.

This was quite enough to suggest to Harry that now was as good a time as any, as they lay with her breasts pressed to his chest as well as with his John Thomas trapped between her legs. By this contact they gradually got to the state of both wanting some more of the sensations they knew they could give to one another.

Harry then told Mary that he was going to lie on the bed on his back. As he did so, Mary had a wonderful view of his erection and her fanny ached with the desire to feel its size working into her. Next he got her to kneel astride his hips and facing towards him, so that he too had something attractive to look at.

Holding his prick in one hand, he got her to lower her body on to it, so that with a little wriggle and a slight bending of her knees, she felt his covered knob once more finding its way into her. This was also a heavenly experience as she

She was being fucked and she enjoyed this new position

got great pleasure from bending her knees and plunging herself up and down his vertical pole, giving them both wonderful sensations every time.

While she was doing this she leant forward, so that Harry could give her breasts some loving attention. The obvious result of these contacts between their bodies was soon to be felt between her legs, as well as all along her leg muscles. Mary found it nice to be able to regulate the speed at which she was being fucked and she enjoyed this new position as much as the others.

By the time they had finished and got themselves clean and respectable, it was time for Mary to see about returning home. As she got there she wondered what her mother would say if she knew about the wonders that she had discovered could be created in her young body.

Mary and Harry had many similar sessions together and they were quite happy enjoying more and more contact with each other, until one day she was with him when he had invited Peter and Jill to his pad. As they sat around over a few drinks, they talked about Mary's deflowering and the pleasure it had led to.

Jill then started something when she said. "That's all very well, but Mary has now enjoyed having you both into her. When am I going to find out what Harry can do to me?"

There was silence for a minute as the others sorted out the implications of what had just been said.

"Don't look at me" Harry said to Jill. "If you want to know what it feels like to have my cock inside you, you can easily find out, providing it is o.k. with Mary and Peter.

Peter then said to Mary. "Well, you forced me to fuck you before, so as it is now my turn, I'd say I'd love to have my 'old man' into you under less stressful conditions if it is alright with you. If we do this, the others will feel free to have one another at the same time. Then nobody can feel aggrieved."

"Well," said Mary. "It was wonderful enough last time and, with what Harry has taught me, it should be even better today."

Having got consent from both girls a discussion then started. "Should they do it all together in one room or with one couple in the lounge and one couple on the bed."

Jill said that she had certainly been thrilled to watch it going into Mary last time but she would in this instance prefer that Harry took her alone in the bedroom. Peter and Mary said that they would prefer the extra excitement of watching another couple get coupled. Things for a moment looked like the whole idea failing, when Mary produced a winning solution by proposing that, as they had plenty of time they did both!

Firstly each couple would fuck in private, then, after an interval for the men to recover, they would all do it together in the lounge. This was reckoned to be a great idea. Naturally both men were in favour of having two girls each while Mary, in her sex hungry state, would have let them do it to her as many times as they liked. So Jill had to go along with the others.

Harry provided contraceptives for both couples to save any mishap and so Harry and Jill went into the bedroom and closed the door. Jill unzipped her dress and as soon as it was off, she let Harry divest her of her bra and panties. He gave her a quick kiss on her lips and on each breast before quickly shedding his clothes. His tool was only half hard in spite of the ravishing view of Jill's beautiful naked body. So, sitting herself on the edge of the bed she reached out and got hold of his cock, which she then proceeded to wank to a harder condition. So as to get it rock hard she slipped her lips over its knob and let her tongue build up his excitement.

As soon as it was fully erect, she laid herself back on the bed with her legs dropping over the edge, as she let Harry lean over and drive his prick into her. As soon as he was firmly in, she raised her legs and locked her ankles behind his back and with each plunge of his tormenting rod, she helped him increase his efforts.

They managed to kiss and even for him to fondle one of her breasts, which were larger than Mary's but stil retaining that nice upward turn. By now he was going into her with long slow

Each of them had had their cunts filled to bursting

strokes that further excited Jill until the inevitable happened as Harry let go his hot come into her.

Meanwhile Peter had undressed Mary and there was barely time to get his own things off before Mary had got hold of his John Thomas. She was quickly on her knees in front of him and as she sucked at his eager weapon, he thrilled her when he told her that she looked even more seductive this time and he couldn't wait to get his cock into her again.

Seeing that his prick was by now almost reaching his navel, Mary knelt on the bed and asked him to give it to her from behind. He was soon in position and for the second time she felt Peter's large penis nudging its way into her, giving off all sorts of sensations as she felt him moving inside her.

As soon as he was in full stride, he shook her body with every thrust and, as she pressed back onto him, his cock reached pretty well to her womb, as their bodies came together. Holding both their breasts against his movement, he enjoyed the pleasure of the feel of this young girls body as her vaginal muscles gripped his prick and he was quite sorry when he had to ejaculate and withdraw. Mary told him how much she had enjoyed having him into her once again and said that she was sure he went in further this time.

They only had to wait a few minutes for the others to join them and as they were all in the nude, no one seemed to take any notice of the fact.

Harry did have the thought that looking at both the girls, one could hardly imagine that only a little while before, each of them had had their cunts filled to bursting with the thick cocks reaching up into their insides. What is more they both appeared to have enjoyed the feelings generated down there.

They had a shower, two at a time, which led to some fun. Then Jill made some tea which they sat in couples to drink. There was no doubt that the display of their naked bodies did a lot to encourage the men on to the next stage.

There was some talk of changing partners for the second fuck but this pairing would bring the same couples together as usually performed with one another and so it was decided that they stayed as per the first session. That is Harry to take Jill and Peter to take Mary. They also decided not to do both girls at the same time, so that each couple could enjoy the added pleasure of watching the others get linked. They were all well past the point of being shy now and all looking forward to the added thrill of watching the smallest detail of a man's prick going up into the other girl's cunny.Something they would not be able to see easily elsewhere.

As each couple had been sitting together, there had naturally been some sexual fondling in different places. Peter was caressing Mary's breasts while Harry had three fingers working in and out of Jill's fanny. Both girls were by now dealing with both the pretty stiff weapons. As Harry's was the stiffest, he took Jill to the bed and they were soon locked together. Mary had stood beside her sister and he had watched closely as Harry's prick had first approached Jill's naked cunt and then gradually disappeared into her very moist tunnel. Her movements as she accepted his length, showed her pleasure at having it happen to her and Mary called Peter over to have a closer look. This he did but it didn't stop pushing his fingers inside Mary's cunt. The whole effect on the watchers and the watched was terrific, as none of them had ever seen such a thing as this happen before.

As Harry's strokes got quicker Peter and Mary cheered on the soon coming climax and when he kept it pressed into her for a while, they knew what was being pumped into Jill from Harry's balls.

Then Harry had a surprise when he pulled his penis out of her. It simply slid out of his rubber protector leaving the thing inside Jill's fanny. They then had to fish it out with their fingers!

They were all excited about what they had just witnessed and Jill said that she was anxious to look at Mary's quim as it was being opened up Peter's tool. She said that next time Peter got it into her she would picture her cunt opening to allow the same thing to happen.

Peter and Mary were by now fully worked up and of course impatient to get started. So to give the others something different to look at Mary once more knelt up on the bed with her little bum stuck out towards them.

Before Peter got into position behind her, both Harry and Jill could see her sex opening quite clearly, as it showed backwards between her legs and then, as she adjusted her knees slightly outward, they could see where the oncoming penis was to go.

Jill stooped a bit so that she could look up between their legs and watch Peter move the tip of his tool just inside Mary's cunt. Holding her hip bones he pulled her body onto his long prick and, in view of her recent coupling she was stretched and wet enough to let his whole weapon slide up her in one long shove.

Mary was emitting little moans of pleasure as her orgasm built up and then her body shook, apart from the shaking Peter was giving it! As soon as Peter's prick had squirted its quota of hot seed they pulled apart and after a few kisses they got washed and dressed.

Talking it over the two men reckoned that the two sisters had been just wonderful and they hoped that some way could be found for the four of them to enjoy this supreme pleasure at reasonable intervals.

Both girls affirmed that they too had enjoyed being fucked, especially the chance to see a man's dick going into another girl. They too hoped to have some more four way sex.

TRIPARTITE

It was one of those balmy days last Spring, you know the sort, they start off clean and fresh progressing by lunchtime to a warmth that makes you feel good to be alive. Warmth that spreads through your body, easing all the joints that are one year older than the last time it happened.

Not that too much of nature's sunshine gets into the snug bar at the 'Golden Hind', for Tommy and I were as usual crouched over the lunchtime edition of the local rag. Intent on doing our job, which was to provide John Public with the means of transport that his heart desired.

Okay, okay so we were second-hand car dealers.

Tommy was a wizard with a spanner and wielded a handy spray gun, old tat became gleaming value for money under his tender care.

Well, for at least six months, by which time the mug punter found out that the guarantee had run out. So what?

We made a living, a damn good living. No flash salesrooms for us, we worked from numerous addresses all over Bilston.

Most of our relatives lived in the area and we rang the changes, advertising from their homes as private sellers. We bought cheap and sold dear, an infallible way of making money.

Let me give you an example that had come to our notice that very day.

Under the 'car for sale' was a three-year-old sports car, a good selling model. No address, just a phone number an the usual stipulation that no dealers were required. I should think not, load of rogues that lot.

When I rang the gent who answered, he was at pains to question me as to my motives to buy, eventually accepting my story that it was for my wife as a second car as I already had a company vehicle.

He gave me the address and agreed to my calling that afternoon. So with happy heart I set sail for the high-class residential area on the outskirts of Wolverhampton, twenty minutes found me driving up the long entrance drive to a large detached residence.

I suppose the grandeur of the place should have impressed me, but I only had eyes for the shining sports car which stood in front of the detached garage. Then something came into my line of vision to make even that pale to insignificance.

She was dressed in figure-hugging jeans, the type that appear to have been poured out and set around the buttocks of the wearer. They were my immediate impressions as she was bent over gathering flowers from a border, the jet black hair fell to mask her face as she turned on hearing my car on the gravel.

A hand swept away the tresses, she stood and looked towards me.

Christ...I almost forget to brake, grinding to a halt in a cloud of dust. Now when she moved to ascertain my business, my initial reaction to her shapely rump was proved correct.

About five six, and swelling out in all the right places. The material of her thin blouse having a fight to remain in complete control of her pert young bosom. She looked about seventeen...although as she drew closer the carefully made up face made it difficult to tell. Whatever the age she was certainly a 'looker'.

'Thank you... thank you for the compliment. I'm sorry I don't really know what to say in reply...you see I've only just finished college and they did not teach us about...you've got me all flustered, David'.

'I'm sorry, that was not my intention. Alright then, let's talk business. How much do you want for the car?'

She looked back at me, a sadness about her lovely face.

'Of course, business...daddy is always talking business. He told me not to finalise a deal before he left, but if you make me a good offer then I shall accept it.'

I started to rack my brain as to what sum might swing the sale.

I knew very well that I could get at least fourteen hundred for this motor, possibly even fifteen hundred to the right buyer. If I start too low she will be suspicious and clam up, on the other hand if I go overboard she

I EASED MY COCK CLOSER AND THE LIPS WERE WET AGAINST HER FABULOUS WET CUNT LIPS

still might smell a rat.

'It's difficult, Jane, okay, I'd love to have the car. I've got cash on me to pay for it...only, well I think perhaps what I can offer will not be sufficient for the real worth'.

'Perhaps I'd be the best judge of that?'

She smiled sweetly.

'Anyway, there's lots of extras that you haven't seen yet, they might make you feel a little more generous.

'This for example'.

She bent backwards and stretched her arms to the base of the seat, within seconds the seat sank gracefully into a reclining state, taking with it its glorious occupant who proceeded to fiddle with the mechanism at the bottom of the driving seat.

I was still dreaming of all the money to be made when the car was sold, her voice interrupted me.

'Sorry, David, daddy must have locked the log book in the safe. I haven't got a spare key, but I can phone his office in Wolverhampton and get them to run one out here. It wouldn't take more than half an hour'.

'That's okay, I've got to get someone over to drive the car back. Look, I'll go over and get my friend and be back here in say...an hour?'

She dropped her head. 'Do you have to rush off...I mean, would you like to stay with me for a while, I'll make us tea and we could perhaps...oh David...I want you again...'

'Look, I'll take the sports car and get my pal, run back here with him and get him to take my car away. You ring the office and get the spare key and with any luck that will leave you and I alone in about an hour and a half. Time for me to recover sufficient strength to do justice to your body. How does that sound?'

'Heavenly... please hurry...'

I waved till she disappeared when I nosed out of the end of the drive. Speeding on my way, having gained lots of lovely lolly and an easy lay whenever the need arose.

I hadn't gone more than five miles when that dreaded sound of the police siren rang out, being a law abiding citizen I pulled over to the side only to have the panda car stop directly in front. The two large coppers that sprang out looked very serious.

They were quite polite at the station, just kept asking who had the log book. For the third time I explained what had happened to the detective inspector.

'Sorry, Dave, it won't wash. I reckon you must have slipped a screw, let's face it we haven't managed to nail you on any of your shady deals to date. I've had my blokes check out your story and there is no woman at that address, what beats me is why you were such a bloody fool as to leave your own car at Major Homer's house and drive away in his motor that you had just pinched'.

'I did. He's away on a cruise somewhere, lucky his gardener spotted you driving away and rang us. He lives just a bit down the road from the major's place, just your hard luck that he was in the front garden'.

Conned. I'd been bloody well conned. That was twelve months ago, I'm out now but it still hurts.

How the hell could such a sweet young thing pull such a stroke? I mean she was a lovely lay, but I wouldn't do twelve months porridge for a bird.

I keep looking hard at all the dark haired young girls hoping that she might just come into view. I've got plans for her, after all, as a team we could really clean up.

'Hello, you must be the man that phoned Daddy about the car. I'm afraid he had to rush off straight after talking to you'.

'Oh...now that's a pity. However, I must say it is very pleasant to be greeted with such a charming deputy. Will your father be long!'

'That's the problem with daddy, he just dashes off...actually he has had to go to London so I suppose it will be later tonight before he gets back'.

'That's a shame, you see it's my wife's birthday tomorrow and I had hoped to be able to complete the deal and surprise her by having the car parked up in our garage'.

'That's no problem. Daddy will not mind if I arrange things for you, after all it is my car. You see he bought it for me on my seventeenth birthday, that's over twelve months ago. However, I have always found it a bit of a handful, so very powerful. Will your wife be able to manage it?'

'Oh yes, she has lots of experience. Used to do some rallying before the children arrived'.

So, not only had I invented a wife, I had also obtained a family.

'By the way, my name is David Burns'.

'I'm Jane Burroughs. Would you like to look at the car then?'

I got out of my motor and followed her over to the garage, she was certainly worth following for the cheeks of her tiny bottom swayed very seductively beneath the taut cloth.

'Well here she is, Mr. Burns'.

'David...please, and I shall call you Jane, that is if you have no objections'.

'None at all'.

She watched as I got into the driving seat, adjusted the seat backwards and tried the

THE CLITORIS POKED OUT LIKE A LITTLE RED TONGUE

pedals for size.

I love motors and this was a beauty, even with the money I make out of my class as a permanent means of transport.

Switched on the ignition and she purred into life at a touch, three thousand five hundred cubic centimeters of throbbing power. Twin carbs just itching to blow petrol to the beast. I flipped the accelerator a couple of times, basked in the beauty of the urgent response from the engine.

Jane had gone round to the other side, I heard the passenger door open and turned to see her settling herself in the seat. She began strapping on the safety harness.

'Hey, where are we going?'

'Sorry, I assumed you wanted to give it a run. If you turn left at the side of the house there's a tarmac run out into the paddock and over to the woods.'

'First I want to look under the bonnet.'

I ran my hand beneath the dash to locate the opening lever, failing to do so and turning to her with a shrug.

'Here let me'. Without hesitation Jane leant across me, dived under the dash. Her voice muffled.

'It's a bit difficult to locate'.

Christ, I hope it takes her half an hour to find it, for her action had placed her directly across my lap. My hands had been forced to leave the wheel which they had been lovingly caressing. They were still caressing only the wheel's firmness had been replaced with the pliable softness of Jane's breasts.

Now was it my imagination or was she taking longer than necessary to find the catch?

Tentatively I wriggled the right hand which cupped a superb mound, not daring to move it any more than to give the appearance of being a gesture of cramp. One thing was for certain, no brassiere was holding back those charming orbs.

The nipple was quite pronounced in the centre of my now sweating palm, still the lovely lady made no attempt to move.

Tempting me to move a stage further and try her out for reaction.

'There..that's it.'

The decision made for me for with those words she eased herself back into her seat, such a movement causing her to support the gorgeous arch of her body with hands on my thighs.

I jumped to avoid her coming into direct contact with my now rigid penis.

'Sorry...did that hurt?'

Her face a picture of complete innocence.

She was either a very good actress or unaware of her charms' ability to knock me sideways.

The problem now was to get out to inspect the engine without making the bulge in my pants obvious, nor was the delicate smell of her perfume helping to slacken the intensity.

'Well, are you going to check under the bonnet, David?'

'No...no, I think we'll take that spin first...if you would like to shut the bonnet...would you?'

Fifteen seconds later we were strapped tight and my foot hovered over the clutch, the gearbox was like silk as I selected first.

We shot off down the side of the house, me flicking into second as we hit the tarmac.

I whipped up and down the gearbox several times, charmed by the delightful way the motor handled. My companion kept making little gasps as we drifted into the bends and bit our way round.

'David...oh...you are a super driver...I would never have dared try and take these bends at the speed you are doing'.

I had to shout above the scream of the engine in reply.

'It's a fantastic car...best I've ever tried...hold tight, I'm going to really burn it over that straight stretch towards the woods.'

I needed all my concentration as the car leapt forward in response to my foot on the gas, the tyres screamed as we rounded the long curve into the straight and then gripped to propel us like an arrow.

Hurtling towards the trees at something over the 'ton', my body pressed hard back against the padded seat. The thrill of sheer speed filling me with excitement.

Jane squealed and I prayed that the brakes were as good as the rest.

I pumped hard on the large foot pedal and the vehicle deaccelerated swiftly, stopping some ten yards short of the beginning of the wood. The forward movement making me sag into the restraining belt.

'Hell, Jane, what a beauty.'

I turned to see her reaction. She was gazing at me, her eyes wide and her mouth slightly parted.

'David...I'm all goose pimples after that, does speed excite you?'

'Only one thing that I find more exciting.'

'What would that be?'

'An attractive woman like yourself'.

'Oh.' Jane turned away and stared out of the window.

Oh yeah? Well I should inform you that your husband and I have been fucking behind your back for the last 3 years - and unlike you, I ADORE drinking his cum!

See? he simply can't keep his hands off me!
